

# Micro-Nano Bubble Generator

## Model : AS-MK II

A compact yet effective machine suited for various lab experiments and medium volume applications.

AS-MK II produces millions of the highest quality (0.5-3micron) Micro-Nano bubbles in a minute after turning it on.

<b>Capacity</b>	<b>10 Liters (2.64 Gallons) per minute</b>
<b>Outer size</b>	<b>290(H) x 310(W) x 220(D) mm</b>
<b>Weight</b>	<b>15kg</b>
<b>Power</b>	<b>AC100V/60Hz, 550W</b>

- \* A timer is equipped for the convenience of use.
- \* Custom design available.
